Job Hazard Analysis

Job Hazard Analysis **SAMPLE**

Department: Building and Grounds Maintenance

Job Title: Groundskeeper

Task being analyzed: Mowing the lawn Date analysis was completed: 11/26/07

Hazard	Mitigating Action(s)
1. Hearing damage – loud noise of motor	Wear approved hearing protection while operating mower. Use either foam inserts or over-the-ear type
2. Eye injury – flying debris	Wear approved eye protection while operating mower. Use either shatterproof “glasses”, screened goggles, or full-face screen shield.
3. Foot injury – foot getting hit by mower blades	Wear proper footwear (boots with good tread) while operating mower. If mowing downhill, either walk beside (not directly behind) mower, or mow across the slope instead of downhill. Beware of wet conditions.
4. Hand injury – hand getting hit by mower blades	Never place hand under mower while engine is running.
5. Chemical Exposure – gasoline	Wear gloves while fueling. Use approved “safety can” for gasoline. Keep away from fumes and fuel in a well-ventilated area or outdoors. Wear eye protection to prevent splashing into eyes.
6. Fire/explosion – gasoline	Avoid fueling hot equipment – allow to cool before filling fuel tank. Use approved “safety can” for gasoline. Discharge static electricity by touching equipment before fueling, and fueling on the ground, not in the bed of a pickup, or on a table, etc.
