

The Bullwheel

November 22, 2024

What an outstanding way to kick off the opening of the 2024/2025 winter season. We're expecting a strong turn out as we rip powder throughout the entire south bowl all weekend long. This will be one for the record books with 40"+ and more on the way.

After a colossal opening weekend we'll continue to make snow in hopes of adding the tubing operation for the upcoming thanksgiving weekend. Our progressive opening plan will bring the Great Escape on line Friday, 11/29 followed by Colburn Triple , 11/30. If everything comes together we hope to add Stella and Cedar Park 12/13.

I hope you have the chance to spend Thanksgiving Day with friends and family and enjoy some downtime before the holiday rush hits. Is it your turn to be the "Designated Driver?" ... Why not have some have fun with it? At the end of the night, drop people off at the wrong house!

May your day be filled with blessings, love and hugs. Life is short... forgive quickly, love truly, laugh uncontrollably and never regret anything that made you smile.

Happy Thanksgiving.

Tom

4:30pm!

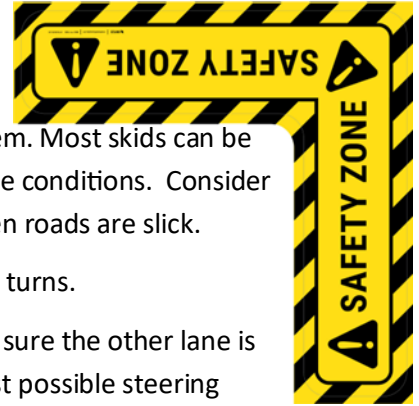

Cabinet Mountain Coffee will NOT be
opening until the 29th, our hours will
mirror Lakeview Café 7:30am-4:00pm
(besides night skiing).

WINTER DRIVING

Winter weather can present many hazards for drivers, slick roadways being one of them. Most skids can be prevented by simply adjusting driving to the conditions. Consider the following tips to avoid an accident when roads are slick.

- Slow down before reaching curves and turns.
- Plan ahead for lane changes and make sure the other lane is clear. Make this move with the smallest possible steering changes and with a light foot on the gas.
- Watch out for ice patches, especially in shady areas.
- Increase the following distance behind the vehicle in front of you.
- Anticipate stops by slowing down gradually, well ahead of intersections. Also, be aware intersections will be slick due to excessive traffic.
- If you go into a skid, do not steer against the skid or hit the brakes. Steer in the direction that your vehicle is sliding until you feel your wheels re-cover traction.

Kids Ski Free Week

From Saturday, **December 7 through Friday, December 13, 2024** skiers & riders 17 and under ski free at Schweitzer! Now is the time to plan your family trip - whether you are first-timers or mini-pros, a free week of mountain fun is waiting. On the website click the link to pre-purchase your \$0 ticket online and then scan the barcode when you arrive at any of the ticket kiosks to get your lift ticket. Up to seven single à la carte lift tickets are available for kids 17 and under .
